

Statement from the Post Commander:

I would personally like to thank everyone who is going to take time to participate in the conference. With the ever changing battle front and never ending war on terrorism it is important that we, as a Training Site, continue to improve our facilities to allow realistic and valuable training to our customers. We are more than happy to take any suggestions or needs into account as we continue to grow. Our expert staff is always willing to make adjustments to meet the needs of everyone that trains here.

Event Information:

The Camp Dawson Scheduling and Information Conference will be held 2-3 April 2009 at the Robert C. Byrd Conference Center.

For units and groups already scheduled to train at our facility, this conference will give you the opportunity to fine tune your request prior to your arrival. Members from Range Operations, Logistics, Engineering, Ammunition Supply Point, and Morale-Welfare-Recreation, will be on hand to brief you and assist you in completing the fine details of your training request.

Future improvements and additions to Camp Dawson will also be highlighted at the conference. Some of these include future projects such as a Modified Record Fire range on Briery Mountain, new Multi Purpose Building project, and an update on the RTI expansion.

Facilities available for touring and demonstration include the Virtual Convoy Operations Tactical Trainer, Engagement Skills Trainer, New Small Arms Ranges, MOUT site, and the progress of our new Modified Record Fire Range. You also have the opportunity to request touring other facilities on post.

A display of available training aids / equipment will also be set up for your viewing i.e. IED simulators, Beam Hit, Caswell Targetry, etc.
